THE COMPASS

The COMPASS is an annual publication primarily for freshmen and transfers, although it is also helpful to upperclassmen. It contains many pertinent facts about Stetson in a compact, but accessible format.

As the name would suggest, it is our hope that this handbook will be your guide, and that you will become well acquainted with campus life before you arrive in September. This year a more detailed description of each organization has been provided so that you can be thinking about your extra-curricular program during your first months. Often it is hard for new students to know just how to join, and we hope that this will be of aid to you.

University Regulations

An important function of the COMPASS is to introduce the entering student to the regulations, standards, and procedures which he is expected to follow at Stetson. This edition, along with the current catalogue, provides a comprehensive description of such regulations, and all students should be familiar with them. The entrance of a student into the University indicates his agreement to conduct himself with dignity and respect for the regulations of the University, both on and off the campus; violation is grounds for disciplinary action.

As yet the Stetson students have not adopted an "honor system," whereby each student agrees to report dishonesty on his or any other student's part. However, the personal integrity of a student is held in highest regard at Stetson. Any student who, through acts of dishonesty or falsification of information, demonstrates that he cannot live up to this ideal may expect to forfeit his right to continue in school.

The academic dean of each college is responsible for the enforcement of regulations affecting registration, classroom procedure, and degree requirements. In some instances this responsibility is delegated to department heads, faculty advisers, faculty committees, or to individual faculty members.

The student deans are responsible for enforcement of regulations which pertain to standards of behavior outside the classroom. Although the Dean of Students' office is responsible for all duties of the student deans, the term "appropriate student dean" refers to the Dean of Men for men students, to the Dean of Women for women students. In most instances the enforcement of social regulations is delegated to the Women's Student Government Association or to the Men's Judiciary Council.

GENERAL REGULATIONS

1. Change of Registration. The deadline for students' dropping a course without a penalty is no later than half-way through the semester. A student must first obtain permission from his instructor, his faculty advisor, and finally, the dean of his college or school.

2. Social Calendar. All social events must be scheduled on the University Calendar which is kept in the office of the Dean of Women. Students who are responsible for events which need chaperones should consult this calendar and make necessary arrangements in the Dean of Women's office well in advance of the event.

3. Withdrawal from the University. Students who wish to withdraw must receive clearance from several administrative offices and

should begin the withdrawal procedure at the office of the Dean of Men or Dean of Women. See page 28 in the annual Catalogue.

4. Academic Probation and Suspension. Students whose cumulative academic average drops below C will be placed on academic probation, which is continued until the C average is regained. If a student on probation fails to earn a C average in any semester, he is eligible to be dropped from the University.

5. Class Attendance. The method of instruction employed at Stetson requires regular attendance at classes. Two regulations govern absences:

(1) A student missing classes to the detriment of his work will be warned by the instructor that further absences may result in a reduction of his grade; he will be reported to the dean of his college and to the appropriate student dean.

(2) Ten per cent of class meetings is regarded as a maximum of absences—for illness, emergencies, social activities, or any other reason.

There are no excused absences, only explained or unexplained absences. Students are responsible for making up the class work they miss and should make these arrangements in advance whenever possible.

6. Chapel Attendance. As a church-related University, Stetson considers the chapel services held on Wednesday and Friday mornings, and the student assemblies on Monday mornings, to be integral parts of the total educational experience of each student. Both programs are designed for the purpose of drawing the student body and faculty into a unit through common worship and through the sharing of educational and esthetic experience. **Hence attendance at both programs is required of all students.**

The following regulations have been designed to emphasize the important place held by these programs in the estimation of the University.

(1) Chapel and assembly absences are recorded separately.

(2) Each student is allowed two unexcused chapel absences during each semester.

(3) Each absence in excess of two, unless excused by the Dean of Men or the Dean of Women, will result in the deduction of one-half quality point. Such a deduction becomes part of the student's permanent record, and it is referred to if his conduct or academic record is under consideration.

(4) If a student's unexcused absences exceed three in any one semester, appropriate disciplinary action will be taken. The procedure will follow that for any other infraction of University rules and may result in suspension from the University.

7. Examinations, Inventories, Grades, Quality Points. At the end of each six weeks period in the fall semester and once in the spring and summer terms, a grade inventory is held and all instructors report the names of students who are doing unsatisfactory work. These estimates are not permanent grades, but are used as an indication of the student's progress at the time. Inventory grades are based on one or more examinations in most classes, usually given immediately before the inventory reports are due. Final examinations are given at the end of each semester.

Grades and quality points in courses represent the instructor's final estimate of the student's performance and are based on all work done during the semester. A (three quality points) through D (no quality points) are passing grades for which the student will receive credit. F (minus one quality point per hour) is the failing grade for which no credit is given.

The quality point ratio is obtained by dividing the total quality points by the total hours attempted. Students who have unpaid accounts will not be allowed to take final examinations or to receive official grade records.

8. Notice to Parents. When a student is involved in serious difficulty — whether academic, financial, social or otherwise — the University may notify his parents or guardians.

9. Alcohol. The purchase, possession, or use of alcoholic beverages is forbidden.

10. Marriage. A student who changes his status through marriage without notifying the appropriate student dean in personal conference prior to the wedding will be subject to suspension.

This rule is in effect from registration in the fall to Commencement Day, or while attending the summer session.

11. Emergency Address. All students must file with the appropriate student dean the name and address of the person with whom the University will communicate in case of emergency. It is the student's continuing responsibility to keep this address current.

12. Examination Policy. The ultimate goal toward which we must all strive is a workable honor system. Realizing that such a system is not now feasible on the campus, however, we recommend the following in order to establish a uniform disciplinary procedure:

(1) On the first offense the minimum punishment will be an **F** on the paper, test, or examination. The maximum punishment will be a failure of the course. Naturally, the professor must make his position clear to each class at the beginning of the semester and must be consistent in the enforcing of his policy.

(2) A report of each offense will be sent to the office of the Dean of Men or the Dean of Women to become a part of the student's records. A first offense will not become a part of a student's permanent record.

(3) Upon receipt by the student dean of a report of a second offense by the same student, he will notify the **Dean of the University** so that he may take appropriate administrative action, which, the Committee feels, should be suspension from the University.

STUDENT AID

Many college students need financial assistance beyond that which families can provide in order to complete their education. Financial aid to Stetson students is awarded on the basis of ability and promise and is available to all students who can establish need and who are maintaining a "C" average or better in their academic work.

Stetson University is a member of the College Scholarship Service of the College Entrance Examination Board. All applicants for financial aid must provide the Committee on Financial Aid with the Parents' Confidential Statement of family financial resources and whatever further information the Committee may require. Confidential statement forms are available at the Financial Aid Office.

Further information on financial aid may be obtained from the Financial Aid Office, the Admissions Office, the Dean of Men's Office, or the Dean of Women's Office—all located on the first floor of Elizabeth Hall—and from the University Catalogue.

The University's aid program is quite broad, but not unlimited. The amount of an award varies with the financial status of the student and his family, but there are cases when the financial need cannot be met with University funds.

TYPES OF FINANCIAL AID

Work-Grants: All students receiving aid other than loans will be required to work on campus. The amount of time a student is required to work varies according to the amount of work-grant he is awarded. The maximum time required to work is fifteen hours

per week. Jobs are assigned in keeping with a student's educational goals. No checks will be paid to students. All awards are deducted from business office accounts. Any student who quits his job or performs unsatisfactorily in his work shall forfeit the entire work-grant.

Loans: Stetson long term loans are repayable on a term basis 10 years after graduation at an interest rate of 2%. This interest does not begin until after a student has left college. Should the student withdraw, the loan is due in 5 years; if he is suspended, it is due immediately. National Defense loans are repayable on a term basis 11 years after graduation at an interest rate of 3%. **If you have been awarded a loan, you must apply to the business office for an application and file necessary papers before the loan is credited to your account.**

POLICY AND PROCEDURE

The word "aid" as used below refers to and includes all scholarships, grants, loans, and University employment. Students applying for any form of aid should be familiar with these requirements.

1. The parents and legal guardians of all applicants, including veterans and married students, must provide the University with the information required by the Parents' Confidential Statement of the College Scholarship Service. They must also supply whatever supporting documents (including possible notarization) that may be required by the Committee on Financial Aid. Forms may be obtained from the Committee or from the Admissions Office.

2. The financial burden of a wife or husband and family is the responsibility of the student and not that of the University. Students receiving aid cannot expect additional aid upon the assumption of marital and family responsibilities. If both husband and wife are students and both are applying for aid, the College Scholarship Service form must be submitted by the parents of each. Where neither parents nor responsible relatives are living, the applicant must supply information on all resources available to him.

3. Aid is awarded yearly and must be renewed. A "C" average must be maintained to be eligible for aid. Those students who maintain a "B" or above average will be considered first for renewal. The University reserves the right to adjust the amount and type of aid if there is a change in the financial or academic status of the student.

WOMEN'S STUDENT GOVERNMENT ASSOCIATION

The Women's Student Government Association of Stetson University extends its welcome to all new women students, hoping that each of you will find a genuine interest in its activities during your residence at Stetson.

As a resident woman, you will automatically become a part of the Women's Student Government Association. This Association was born with the desire for self-government for the women of Stetson University in all matters concerning them, their student life, and the relationships of Stetson womanhood that have been established by the students in past years, mindful of the standards of Stetson University.

The assumption upon which these regulations are made is that university women should be given every opportunity to achieve maturity and good judgment in conducting themselves. Two fundamental bases of good conduct are consideration of others and common sense. The council has made an honest effort to eliminate from residence hall regulations anything which is not based upon these two propositions. It is our desire to work closely with the women of the University in developing standards which will make us all proud to be university students.

A STANDARDS POLICY

"The Women's Council reserves the right to warn or penalize any woman student who conducts herself in a manner unbecoming to a Stetson Woman.

A woman student who has been suspended for violation of conduct regulations will not be allowed to attend any University function during the term of her suspension."

Drinking

The responsibility for interpreting to women students and enforcing the University regulation concerning drinking is delegated to the Women's Council. The University regulation states that purchase, possession or use of alcoholic beverages is forbidden. The Council reserves the right to investigate any incident related to drinking which is brought to its attention as long as the woman involved is enrolled in Stetson University. Each case is handled on an individual basis.

Smoking

Stetson women do not smoke in or in front of academic buildings (including the Library), in front of residence halls, in some specified areas of residence hall parlors or walking about on the campus or streets. All women are expected to use good taste and consideration for others concerning when and where they should smoke.

Dress

Skirts are worn to classes, to chapel, to assembly, to academic offices and on Sundays. Bermudas, slacks and similar sports apparel may be worn at any other time that the individual student considers such apparel to be appropriate.

NOTE: These standards apply to all women of the University whether they live in residence halls or off campus.

RESIDENCE HALL REGULATIONS

A. Consideration Hours

There shall be no automatic penalties for noise. It seems to the Council members that, if we are to regulate our conduct on the basis of consideration for each other, it is important that we respect the right of others to study or sleep at any time during the day or night. Therefore, we request all students to help us by reminding each other that such consideration cannot be legislated.

B. Room Check

There shall be no automatic penalties for disorderly rooms. Again, it is a matter of consideration for others and common sense that rooms be kept in a way that will create a pleasant atmosphere and improve personal health habits and aid students in achieving maturity. The Council, therefore, urges every student to cooperate in the upholding of this standard for her own sake and for the general welfare of the residence halls. Disregard of this request will be handled as a personal matter.

C. Residence Hall Guests

A residence hall guest is expected to observe the regulations of the Women's Student Government Association. A guest is requested to sign two cards when she arrives at the residence hall in which she is visiting. One will be filed at the house desk, and the other will be given to the residence hall director. The guest fee is fifty cents per night.

A student is expected to obtain permission from her residence hall director before her guest arrives. Guests will be granted senior privileges. If the guest fails to observe the residence hall regulations, her hostess is held responsible.

D. Doors

Doors are NOT to be opened for any reason after they are officially closed at 7 p.m.

PERMISSIONS

General Information

Any freshman who will be out of the residence hall after 8:30 p.m. must sign herself out at the desk, giving information as specific as possible.

Second-, third-, and fourth-year women may use their own judgment as to whether they sign out when leaving the residence hall. This places a special responsibility on the student to notify the residence hall director or the hostess on duty when she is unable to return to her residence hall on time, as the matter of being in the residence hall on time is based entirely upon the individual's honor. (It is, of course, obvious that any student who has obtained permission for a late activity extending beyond the normal closing time will sign out so that those in charge of the desk will know that she is out.)

(Important Note: When a student returns late to her residence hall for any reason, she is to go to the following designated doors or windows in each building and call:

Chaudoin ... East door of South Wing.

Conrad Southwest window of director's apartment.

Emily West door, North Wing.

Stetson West end door.

It is imperative that these doors be used and that girls not call their friends to open other doors. We depend upon girls who may be called by their friends to remind them of the designated places.

Off-Campus Permissions

1. Any girl who leaves the campus to spend the night in her own home must sign out on yellow card.
2. Any girl of any class who leaves the campus to spend the night in any place other than her own home must have an invitation filed in the office of the Dean of Women and will obtain permission from her office.
3. Permission for girls to spend nights in the City of DeLand are granted only in special cases.
4. Seniors whose parents grant permission for them to spend week-ends at the Beach unchaperoned may make necessary arrangements through the Office of the Dean of Women.

The Dean of Women will mail to each parent or guardian a blanket permission form to be filled out and returned to her. All permissions will be granted on this basis. Parents or guardians are notified when a permission has been granted.

B. Sign-out Cards

Freshmen use WHITE cards for:

1. Permission to be out of the residence hall after 8:30 p.m.
2. Permission to spend the night in another residence hall or the Panhellenic Building.

Second-, third-, and fourth-year women use WHITE cards for:

1. Permission to be out of the residence hall after it closes.
2. Permission to spend the night in another residence hall or the Panhellenic Building.

C. On Campus Overnight Permissions

Residence hall girls obtain permission to spend the night in another residence hall or in the Panhellenic Building from their residence hall director. All girls sign out on their white cards for this permission. Master sheets are sent to the Panhellenic Building with the names of all girls spending the night. When a residence hall director signs permission for a girl to spend the night in another residence hall, she will call the residence hall in which the girl will be staying.

Girls leaving for overnight must leave by 7 p.m. unless special permission is obtained from the Office of the Dean of Women, residence hall director, or the hostess on duty.

If a girl is signed out of a residence hall for an overnight off campus, she must not return for any University function unless she returns to the residence hall for the night of the function.

D. Special Permissions

Girls are not to leave the residence hall until it is officially opened at 6:45 a.m. during the week and 7 a.m. on Sunday, unless special permission is granted by the residence hall director. Special late permissions for individuals will be handled by the Executive Council. Requests for AFTERS must be placed with the Council on the Tuesday evening preceding the event. If this is not possible, the permission must be obtained from the President of the Executive Council BEFORE the sign-out is taken.

A girl who has obtained permission from the Executive Council to return after the residence hall has closed or after the time of her latest permission must sign out with her residence hall director for an AFTER.

Girls may visit men's residence halls, fraternity houses, or any other living quarters only after they have obtained special permission from the Dean of Women's Office. A schedule of week-end activities is posted on the residence hall bulletin board on Thursday of every week. The events on this list are approved and the girls may attend them without further permission, if they are familiar with their regular sign-out permission.

E. Senior Privilege.

As an expression of the faith which the Women's Council has in the willingness of Stetson University women to assume increased responsibility for their conduct, senior women are granted the privilege of using the residence hall keys for special occasions which make it necessary for them to come in after the buildings are closed on any night. To obtain a key, a senior must sign out before 8:30 p.m. on the particular night she wishes to use the key, give the requested information concerning her destination and anticipated hour of return. The Women's Council has faith that the seniors will treat this privilege as a special trust. Each girl is responsible for the key she checks out; and, if she loses the key, it will be necessary for the Council to revoke her key privilege. The Council reserves the right to investigate any misuse of this special privilege.

MEN'S JUDICIARY COUNCIL

The Men's Council serves as a link between the University men and the Administration and tries to develop a sense of responsibility and high standards of conduct in each Stetson man as a corollary to its governmental functions.

Twelve representatives of the men students of Stetson University are elected to the Council every spring under the rules of the Council Constitution; no more than three members of any social fraternity may be members of the Council at one time. Members of the Men's Council for 1963-64 are:

Jim Chaplin President
Jim Terrell, Don Coonley, Jay Landers, Ray Squires,
Don Clark, Ron Peacock, Tom Ryden, Joe Garner,
Doug McKittrick, Bill Schnieder, Bob Eslinger.

The Men's Council exists to serve Stetson men, and they are encouraged to express themselves to Council members at any time on any matter concerning themselves or any number of the men students.

Men's Council reviews all violations of men's conduct regulations and recommends appropriate action to the Dean of Men and, when appropriate, the Student Affairs Committee.

PENALTIES USED BY MEN'S COUNCIL

Penalties involving suspension must be reviewed and approved by the Student Affairs Committee. The length and nature of all penalties is determined by the seriousness of the individual offense. Any man strongly suspected of violation of either the letter or the spirit of a Men's Council penalty is subject to suspension. The five types of penalty used by the Council, described below, may be applied singly or in combination.

1. **Suspension from the University for a specified or an indefinite period of time.** A student who has been suspended for violation of conduct regulations will not be allowed to attend any University functions during the term of his suspension. The Council may or may not recommend readmission.

2. **Strict Probation.** This penalty includes all restrictions mentioned under social probation, plus the restriction of the man to his room from 8:30 p.m. until 6:00 a.m. No visitors are allowed in his room, nor will he have telephone privileges during these hours. He may accept long distance telephone calls. A man on strict probation is allowed to stay out until 10:00 p.m. on Sunday if he attends church services.

3. Social Probation. During the probation period the man cannot attend any University event—dramatic, musical, athletic, or social—unless he is required by a professor to attend the event because of a course in which he is enrolled. This includes intramural activities and all fraternity functions except the regular weekly business meetings. During this probation, he is not allowed to be associated with any University woman after 8:30 p.m. Out-of-town trips are prohibited, unless prior permission is obtained from an officer of the Council.

4. Unrestricted Probation. This penalty does not restrict the man's college activities. However, during this probationary period (as in the case of strict probation and social probation), any violation of any University regulation will be considered grounds for suspension.

5. Work Assignment. Any man who takes away from the University community life or destroys property may be required, in addition to payment for damages, to contribute of his time for constructive purposes. All work assignments must be made with the approval of the Dean of Men's Office.

MEN'S RULES

Stetson men are expected to conduct themselves as gentlemen at all times, and the Men's Council reserves the right to take appropriate action in any case of ungentlemanly conduct. All types of misconduct cannot be anticipated by rules, but the following rules are printed for the guidance of all men.

1. Because of the danger of fires, smoking is prohibited in Elizabeth Hall, Sampson Library, Business Building, Allen Hall, DeLand Hall and Annex, Holmes Hall, and Hulley Gym. Smoking is not permitted in the parlors of the women's residence halls.

2. Possession or use of firearms, firecrackers, or explosives on the campus is prohibited. Men who wish to use guns during hunting season must make proper arrangements for the storage of their guns before bringing them to campus.

3. The purchase, possession or use of alcoholic beverages is forbidden by the University. Any Stetson man who is found guilty of breaking this regulation is liable to suspension or some other penalty deemed appropriate by the Men's Judiciary Council.

4. Any group of three or more men engaged in minor vandalism on fraternity property will be suspended from school. This rule includes the painting of fraternity mascots. The Men's Judiciary Council works with the Interfraternity Disciplinary Council on violations of this regulation. Any individual engaged in more serious acts of vandalism or property destruction will be suspended.

5. Any man who gains unauthorized entry to the women's residence halls will be liable for suspension.

6. Since property destruction or other misconduct usually accompany riotous action, students who foster or participate in such action will be severely disciplined.

HOUSING RULES

All men, whether they live in the University Residence Halls or off campus, must comply with rules governing housing. General regulations are enforced by the Dean of Men's Office. Residence Hall regulations are enforced by the Dean of Men, Head Resident, Resident Advisers, and House Councils. These staff members will welcome any and all suggestions for improvement of residence hall life.

1. All unmarried freshman and sophomore men are required to live in the University Residence Halls unless they live at home with their parents or guardians. In some instances sophomore men are excused.

2. No students may live in quarters that have not been approved by the Director of Off-Campus Housing. The University reserves the right to inspect any man's living quarters.

3. Changes of off-campus quarters must be approved by the Director of Off-Campus Housing before they are made.

4. Each man must keep his correct address on file in the Office of the Dean of Men.

5. Approved housing units for unmarried men require the renter and the landlord to be under the same roof, unless specific permission is given by the office of the Dean of Men. Garage apartments, trailer camps, houses, motels, or auto courts are not approved as rooming facilities for unmarried men.

6. Unmarried men will not be allowed to commute unless they live at home with parents or guardians and written permission for commuting has been filed by the parents or guardians in the Office of the Dean of Men.

7. Stetson men are expected to dress in good taste at all times, especially in public areas and when calling at the women's residence halls. All men are expected to wear coats and ties for the Sunday noon meal at the University Commons and at any other time when the occasion demands it. Bermuda shorts may be worn in the classroom if the professor approves.

8. Any man convicted of theft will be subject to suspension from the University.

9. In a situation such as Ponce de Leon Springs, where the University is responsible for the actions of students, the rules governing students as set forth in the Handbook are applicable.

ON CAMPUS

On the DeLand campus of Stetson University, about fifty acres within easy walking distance of the center of town, are approximately thirty buildings which house the academic and extracurricular activities of the college community. Listed below are a number of the buildings which will become an important part of the life of every Stetsonite.

ELIZABETH HALL, named for the wife of John B. Stetson and built in the Spanish Renaissance style, is the largest classroom building and also houses administrative offices and the principal auditorium.

FLAGLER SCIENCE HALL, across the Boulevard, contains the physical sciences, foreign languages, and some administrative offices. It also houses the Monroe Heath Museum, which includes exhibits of American Indian arts and crafts and Florida plant and animal life as well as the Rice Planetarium.

DeLAND HALL, now the first and oldest building devoted to higher education in Florida, is the home of the Stetson School of Music.

The School of Business has its own building. **HULLEY GYMNASIUM**, for men, is named for a former president of the University, and **CUMMINGS GYM** contains classrooms and other facilities for women's physical education. **STOVER THEATRE**, behind Cummings, is named for Dr. Irving C. Stover, Professor of Speech now in his 55th year on the Stetson faculty.

There are thirteen residence halls for men, and four for women.

The **UNIVERSITY INFIRMARY** is located in the first floor, north wing, of Chaudoin Hall. It is staffed and equipped for the treatment of all minor injuries and illnesses and provides for the hospitalization of acute illnesses not requiring special nursing care. All full-time students are entitled to these services. The University physician is on call at all times and visits the Infirmary every day. Appointments are made by contacting the nurse; a nurse is on duty at all times.

The University is not responsible for treatment and care beyond the services offered by the Infirmary. The Infirmary offers emergency treatment for epilepsy, asthma, diabetes, etc., but cannot accept the responsibility for the continuous care of these or any prolonged illnesses.

All surgery, major or minor, performed at the Infirmary or elsewhere, is at the student's expense. If a physician is called without the proper authorization, or if a student visits the University physician's office downtown without proper referral, this is also paid by the student.

Absentee cards for classes and chapel are issued only to those who have been ill in the Infirmary or at home. The cards must be initialed by the appropriate instructors and returned to the Dean of Men or Dean of Women. A student ill at home is to bring a signed statement to the Infirmary upon his return to classes. All students living on campus or off should notify the Infirmary if possible of any illness or accident causing absence from class. The University cannot accept the responsibility for illnesses or injuries unless they are reported to the Infirmary.

All residence hall girls must sign out if they are remaining in the Infirmary overnight. The nurses will be responsible for signing out any girl for more than one night. Students leaving the Infirmary to go home with parents or otherwise must sign out from their respective dormitories.

ALLEN HALL, named for a former president of the University, is the student religious center given by the Florida Baptist Convention. It houses the offices of the Department of Religion, Director of Religious Activities, BSU Director, the archives of the Florida Baptist Convention, the Extension Division of the University, prayer rooms for private prayer and meditation, meeting rooms, kitchen, and recreation facilities.

Famous Stetson Writers Sign Their Stories at an Authors' Party

Built with the help of Andrew Carnegie, Stetson's **SAMPSON LIBRARY** contains collections of books, periodicals, government documents, maps, and other materials for reading and research. Professional librarians will teach the student how to use the catalogues and indexes.

The library is open as scheduled below:

Monday-Friday	8:00 a.m.-10:00 p.m.
Saturday	8:00 a.m.- 5:00 p.m.
Sunday	2:00 p.m.-10:00 p.m.

The Periodical Room and the Government Documents Division are closed all day Sunday.

The **STETSON UNION BUILDING** has served as the campus living room since its opening in the fall of 1957, and its facilities also serve the local community. Erected at a cost of \$1,250,000, it houses the University Commons (cafeteria), Hat Rack (soda shop), student and faculty lounges, meeting rooms, offices, guest rooms, the Stetson Room (banquet hall), private dining rooms, post office, bookstore, and recreation room. All students pay a fee of \$10.00 a semester for the use of these facilities.

Reservations for guest rooms, meeting rooms, and private dining rooms may be made at the desk in the lobby; game equipment is also available there, and the student lounge is equipped with a lending library, radio, hi-fi, and television.

The Union also runs the campus lost and found department. Any lost article may be claimed at the information desk upon proper identification, and articles found should be turned in there. The opening and closing hours of various facilities of the Union Building are as follows:

THE STUDENT GOVERNMENT OF STETSON UNIVERSITY

Dear Fellow Students:

The Student Government extends to you a warm welcome! As a member of the student body, you are also a member of SGA, and it is our hope that you will participate actively in it.

These next four years are going to be important ones for you, and there are many ways for you to take part in Student Government functions. You may serve on committees such as Green Feather, Homecoming, Parents' Weekend, and Hatter Holiday, or you may choose to be a Senator. The leadership training you will gain will be a valuable part of your total college experience.

In selecting extra-curricular activities, however, the student will be wise to limit himself to his capabilities. Spreading yourself thin only causes your work to become inferior, and decreases the enjoyment you can get from it.

On behalf of the SGA, let me wish you a happy and meaningful college career.

**Sincerely yours,
Jay Landers
Student Government President**

JAY LANDERS, President

Chapel services are held twice a week, and all students are required to attend one of them. Dr. James A. Stewart is Dean of the Chapel. His office is in Room 208 of the Stetson Union Building, and he is available daily for counseling.

Vespers are held each Monday, Tuesday, and Thursday in Allen Hall at 6:30 p.m. These services, which last thirty minutes, are devotional in nature and are planned and directed by a student committee including representatives from the various religious organizations. Each student is invited to attend.

Student religious organizations connected with the churches of DeLand try to increase the church membership of the student body. All students are urged to attend the services of the church of their choice on Sunday.

SOCIAL ORGANIZATIONS

There are six sororities and six fraternities on Stetson's campus to which all students may belong. Both Panhellenic and Interfraternity councils sponsor rush in the fall and spring of each year, and in order to become a member of any organization, students must sign up for and participate in these programs.

WHY SORORITIES AND FRATERNITIES?

To have a circle of loyal friends, to have the assurance of a personal niche of "belonging" — these desires are deep and undeniable. They are the reasons for enduring strength of sororities and fraternities. It is perfectly true that one can have a happy, valuable college career without being a member of a Greek organization; but for some people, belonging makes adjustment to college easier and quicker.

The fraternity system provides valuable training because it seeks to develop each individual according to his own ability. However, a member receives only in proportion to what he gives. Fraternities and sororities not only cost money, but they also take time; to study and meet scholarship requirements; to participate in activities that will broaden your interests and develop your talents; to serve your chapter, your school, and your community. Your group benefits from these things, of course. But more important the student gains personally.

Membership in any of the national sororities or fraternities is an honor and a distinction. The practice of "rushing" may seem trying at times, but it was devised to let you find which group suits you best, in order to secure your future happiness.

The sororities on campus include: Alpha Chi Omega, Alpha Xi Delta, Delta Delta Delta, Phi Mu, Pi Beta Phi, and Zeta Tau Alpha.

Fraternities are: Delta Sigma Phi, Lambda Chi Alpha, Pi Kappa Alpha, Pi Kappa Phi, Sigma Nu, and Sigma Phi Epsilon

PAN-HELLENIC COUNCIL

Dear Freshmen Women,

On behalf of Panhellenic I would like to welcome you to Stetson University. The council is made up of representatives of the six sororities on campus, and will serve as your advisors during rush. Therefore, we hope you will come to us with any questions or problems you may have concerning rush.

Pledging a sorority is an important step in your life. The purposes and ideals of all sororities are similar, so remember to begin the rushing period with an OPEN mind. The final decision as to the group you will join must be made entirely by you.

We will be looking forward to seeing you at the Pan-Hellenic Welcome Party on September 18.

Sincerely,
Karen Kane
Pan-Hellenic President

INTERFRATERNITY COUNCIL

Dear Freshmen Men,

Speaking for the IFC, I would like also to welcome you to the Stetson community. We hope that your stay at our school will be filled with fond memories of scholastic achievement and social enjoyment.

We feel that the fraternities here are influential in fulfilling these hopes, both academically and socially. The IFC has been co-ordinating the six groups for a number of years, and membership includes three representatives from each one.

Our duties include: establishing rush rules for men; acting as a liaison between the fraternities and administration; and generally providing incentive for the fraternities.

The council, as well as the members of each fraternity, are looking forward to meeting you in the fall.

Sincerely,
Richard Ulack
IFC President

ORGANIZATIONS AND HONORARIES

MORTAR BOARD is a national leadership and service organization; membership is the highest honor Stetson can bestow on its outstanding women. Members are selected each spring by the current members from junior girls who have maintained at least 1.8 scholarship average and who have been outstanding leaders on campus.

OMICRON DELTA KAPPA is the national leadership organization for men, whose members are chosen from the junior and senior classes on the basis of character, leadership, and service in campus life.

Athletes Copped Many Trophies for Stetson

ATHLETICS

The Department of Physical Education and Athletics provides the student with opportunities to participate in intercollegiate and intramural athletics, a required and elective activity program embracing a wide variety of sports, co-educational and recreational activities, and professional preparation for teaching.

CAMPUS FACILITIES

The facilities offered for men are **Hulley Gym, Hulley Field**, and the new athletic areas on Minnesota Avenue. Hulley Gym is equipped with regulation basketball court, lockers, showers, and training rooms, complete gymnastic equipment including trampoline, badminton courts, table tennis, weights, punching bags, projection room, and offices for the staff.

Hulley Field, adjacent to the gym, serves as the soccer practice field and has two volleyball courts, two horse shoe pits, two softball diamonds, varsity baseball practice diamond, two paddleball courts and the marching field. The shuffleboard area is between the gymnasium and the Stetson Union. Soccer, intramurals, and physical education classes will use the new athletic field and track on East Minnesota Avenue.

Cummings Gym houses the offices for the women's department as well as facilities for women's and co-recreational activities. It has a main floor for basketball, badminton, and rhythms. It also has separate classrooms, table tennis and recreational sports facilities, locker and shower rooms, photographic lab, corrective apparatus, and a complete equipment room. Cummings Field is the center for women's outdoor activities.

Cummings Gym is open for mixed recreation each afternoon from 4:00 to 6:00 and each evening except Saturday and Sunday from 7:00 to 9:30.

The six tennis courts adjacent to Cummings Gym are available for limited use by students and the public after class hours. Four courts for volleyball, handball, paddleball, and tennis practice are located west of the Cummings Gym courts. Tennis equipment may be checked out from the gym by women and from Hulley Gym by men.

Three badminton courts in Cummings Gym are available each night except Monday. Equipment is checked out in this building.

Equipment for archery, basketball, croquet, handball, paddleball, softball, shuffleboard, and table tennis may be checked out at Cummings Gym. If special groups wish to play team games, the court or field areas should be reserved in advance of the date desired.

INTRAMURALS

The affairs of the men's intramural program are conducted by the Intramural Board, and all activities are governed by the University Intramural Athletic Association.

Sports scheduled by the UIAA include touch football, horse shoes, table tennis, golf, paddleball, basketball, handball, volleyball, tennis, badminton, softball, and track.

Announcements are posted on the intramural bulletin board between Hulley Gym and the Stetson Union. Further inquiries should be directed to staff offices in Hulley Gym.

Teams are entered in men's intramurals by the six fraternities, the Ministerial Association, and in some sports by the faculty. No game played against a faculty team is counted in championship competition.

The Women's Intramural Board governs competitive women's sports. The aim of the women's intramural program is to afford as many opportunities for participation in wholesome recreational activities for as many women students as possible.

Excitement and Tough Competition at Intramural Games

Competition is provided by sorority, class, dormitory, and any other university organizations. Students who do not participate in one of these teams may organize independent teams.

Athletic events will be conducted by round robin, elimination, and double elimination tournaments depending on the nature of the sport.

Sport tournaments will be seasonal, insofar as possible.

Championship points will be awarded for first, second, and third places. In the event of ties, the championship will be determined by playoffs.

The program will function on a point system that runs continuously from the beginning to the end of the school year.

INTERCOLLEGIATE ATHLETICS

All men students are urged to try out for teams in the inter-collegiate sports program. Varsity teams compete in basketball, soccer, baseball, golf, and tennis.

Stetson University is a member of the National Collegiate Athletic Association, National Association of Intercollegiate Athletics, and the Florida Intercollegiate Conference.

Freshman students are eligible for varsity teams if they are not transfer students or professional athletes.

Students who have activity tickets are admitted to all campus athletic contests on presentation of their tickets.

Schedules for sports other than soccer and basketball will be announced as soon as they are completed.

CHEERLEADING

In the beginning of the fall semester, all interested women are asked to come out for cheerleading tryouts. **ALL** Stetson women are eligible and need not have been high school cheerleaders. There is a week of training and learning basic cheers, after which there is the elimination day when judges choose both the new regulars and alternates, who must be on the squad for one year before they become regulars. Grades are important and must be kept at a C average in order to remain on the squad.

ALMA MATER

Dear Alma Mater, smile upon thy children!
Gladly we greet thee, altogether lovely;
Peace be within thy classic halls and temples,
Hail, Alma Mater dear!

Hail to the heroes who have gone before us,
Young men and maidens, filled with true devotions!
Bright in their glory, fadeless and undying,
Hail to our heroes gone!

Hail to our classmates, bound by ties ne'er broken;
Here once again we pledge our vows of friendship;
Brave hearts and true hearts sound aloud the chorus,
Long live our comrades dear!

Dear Alma Mater, tenderly thy children
Gather, and bring to thee gracious salutations;
Comrades, your voices lift once again in chorus:
Hail, Alma Mater dear!
